CAPABILITY NARRATIVE

Karatin LLC delivers specialized staffing, workforce solutions, and consulting services to federal, state, and local government agencies, educational institutions, prime contractors, and commercial organizations. We support diverse workforce needs while providing expertise in data security, compliance readiness, responsible AI, and training. Our engagements include defined assessments, remediation, governance, and training projects, as well as experienced professionals for short-term, surge, and long-term assignments.

CORE CAPABILITIES

SPECIALIZED STAFFING SERVICES

Karatin delivers flexible staffing and talent solutions for government agencies, prime contractors, and commercial organizations. We support individual assignments, project teams, surge capacity, and short- or long-term workforce needs across diverse roles and industries.

Areas of Expertise Include:
IT & Technical Talent | Data Security & Compliance | Project & Program Support | Responsible AI | Training & Enablement

DATA SECURITY & COMPLIANCE CONSULTING - Data discovery and classification, sensitivity labeling, data loss prevention, retention, eDiscovery, insider risk, communication compliance, information barriers, and governance.

RESPONSIBLE AI READINESS - Data Security Posture Management (DSPM) for AI, AI data-risk and access-readiness reviews, oversharing exposure analysis, governance guardrails, rollout preparation, and user/admin readiness.

COMPLIANCE & OPERATIONAL READINESS - Gap assessments, control mapping, prioritized remediation roadmaps, audit evidence, policies, procedures, and operating documentation.

IMPLEMENTATION & OPTIMIZATION - Configuration support, policy tuning, corrective actions, validation, and adoption support that move recommendations into operation.

TRAINING & ENABLEMENT - Role-based learn-in-the-flow training, administrator knowledge transfer, job aids, documentation, and follow-up retraining.

RIGHT-SIZED DELIVERY

Consulting when an outcome is defined. Staffing when specialized capacity is needed. Training when teams must sustain the solution.

RELEVANT EXPERIENCE - SUBCONTRACTOR

ROLE: SUBCONTRACTOR | CONTRACT: ED-07-CO-0042 | DATES: 2009-2019

Experience performed by Karatin LLC key personnel in a subcontractor role; not represented as Karatin LLC prime-contract performance.

Supported the U.S. Department of Education's EDUCATE program under contract ED-07-CO-0042, a federal IT services contract valued at approximately $606 million.

This was one continuous contract inherited through the Perot Systems → Dell Services → NTT DATA ownership changes - not three separate $606 million contracts.
